YEAR OF ACHIEVEMENT

THROUGH *TRUST*

When you rely on someone
without question, that
is called trust.

Changes have been made this year based on trust. One of the first changes was the foreign exchange program.

Chieko Maeda is our foreign exchange student from Tokyo, Japan. She is eighteen years old and has one brother and one sister. Her favorite hobby is reading. She especially enjoys reading Classical Literature and German. Her favorite sports are: basketball, ping-pong, and she says she considers American football very, "confusing." When asked about the difference in America from Japan, she said, "Very big, not crowded like Tokyo". She also said Americans are very active and have much more freedom. The courses she is taking this year are: American Government, American History, English 12, Art I and Calculus. She is a member of Pep Club and Student Council. We have especially enjoyed having Chieko here with us. She has greatly added to the enthusiasm and warmth of Turner. We would like to thank her for staying with us and wish her the best of luck that the world can give her.

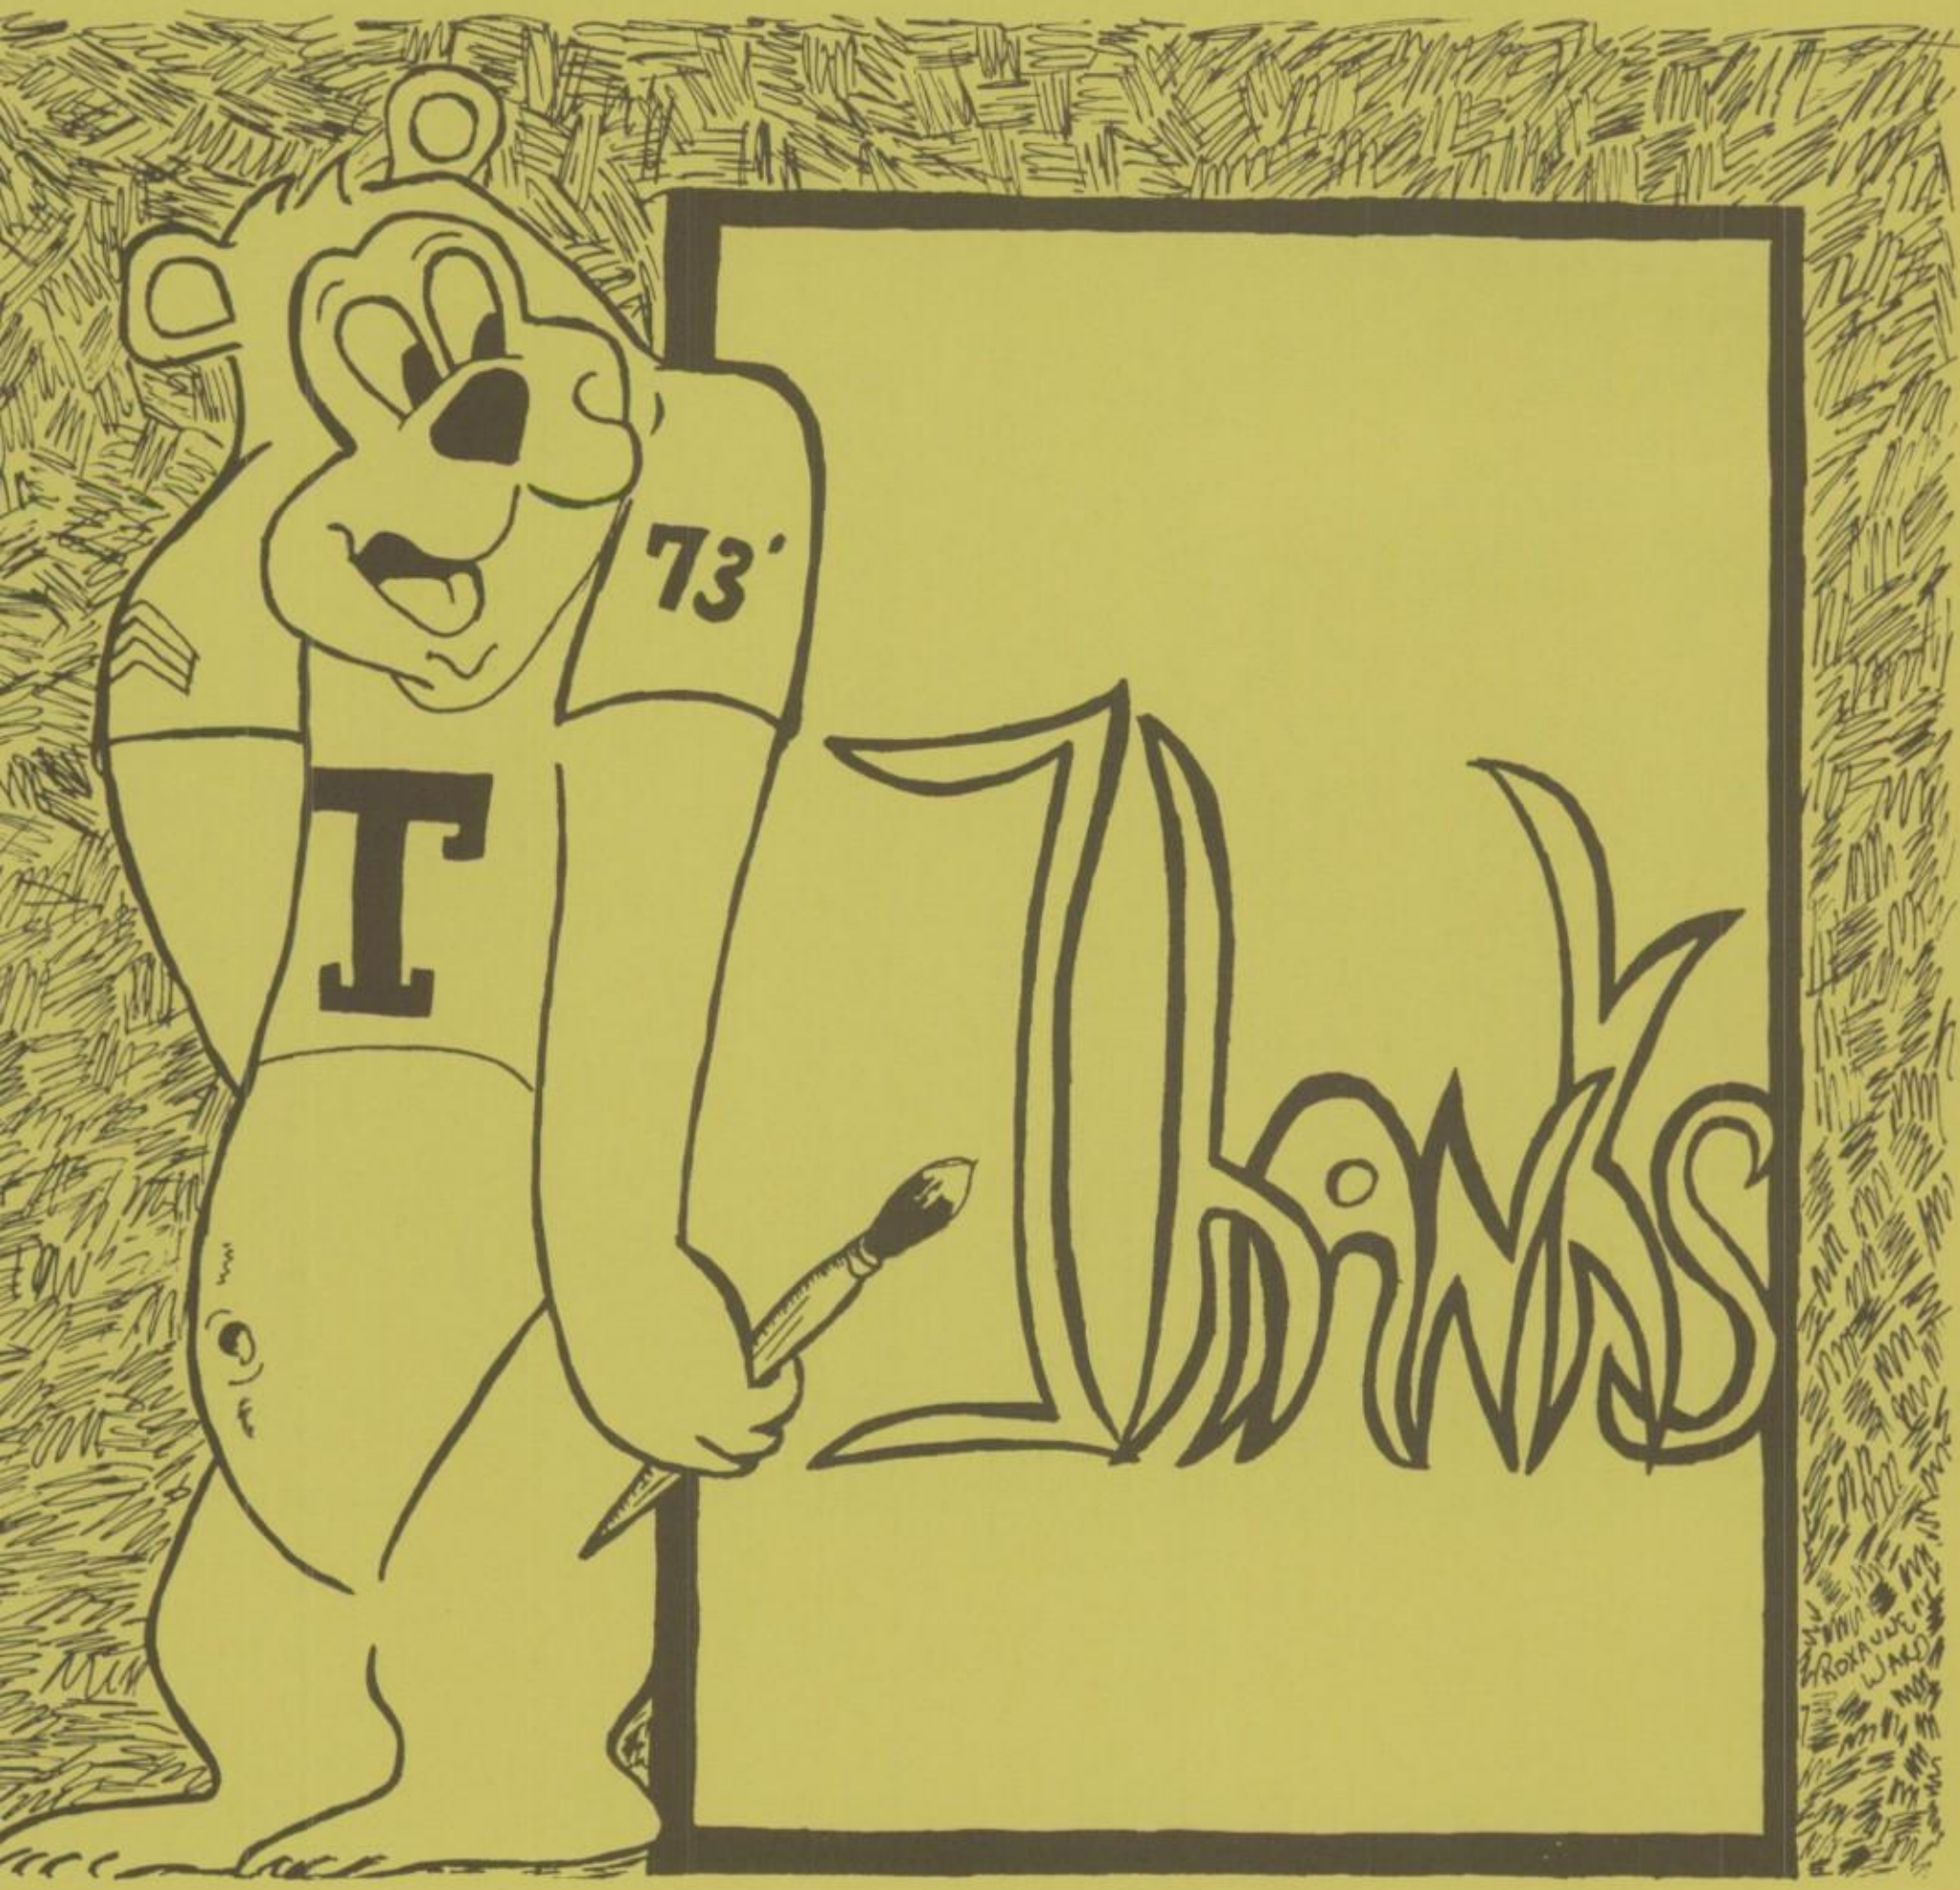
We'll miss you Chieko!

Hall passes were also disposed of and the students were trusted to get to class.

Rooms were painted in bright colors to help liven up the inside of the school.

A smoking lounge was also provided for the students who wished to smoke.

We'd like to thank the Administration for our "Year of Achievement Through Trust"



In this year of achievement many things have happened, starting with the first day of school.

Then our first football games!

Pep rallies!!

Homecoming!!

Just being crazy . . .

The planning of the Turnerite is the main purpose of the TURNERITE Staff. The purpose of the TURNERITE is to tell the story of the school year in a logical and interesting matter.

Since the Turnerite is a record of all the happenings of the school year it stresses photographs to help you remember the highlights of the year.

Homecoming 72

The Homecoming activities started off with a Pep Assembly. At the Pep Assembly, all the candidates were introduced along with their escorts. Then at the end of the pep assembly the band that was playing for the Homecoming Dance played for the student body.

Then before the game a parade went through downtown Turner and then headed for the football field. The parade consisted of several floats, Pep Club Members, Band Members, and the candidates.

Then the moment we were all waiting for, half time. All the candidates were introduced to the audience, then the final moment. The 1972-1973 Homecoming Queen is . . . Michelle Kieffaber, senior candidate. Steve Meyer, Football King, kissed the Queen and then escorted her off the field to the candidate float. Then all the other candidates followed behind. Michelle and her attendants watched the remaining of the game at ease.

After the game the 34th Annual Homecoming Dance took place in our gymnasium. Michelle and Steve danced the first dance. While the Homecoming King and Queen danced the other students watched and listened while the "Last Chance" played.

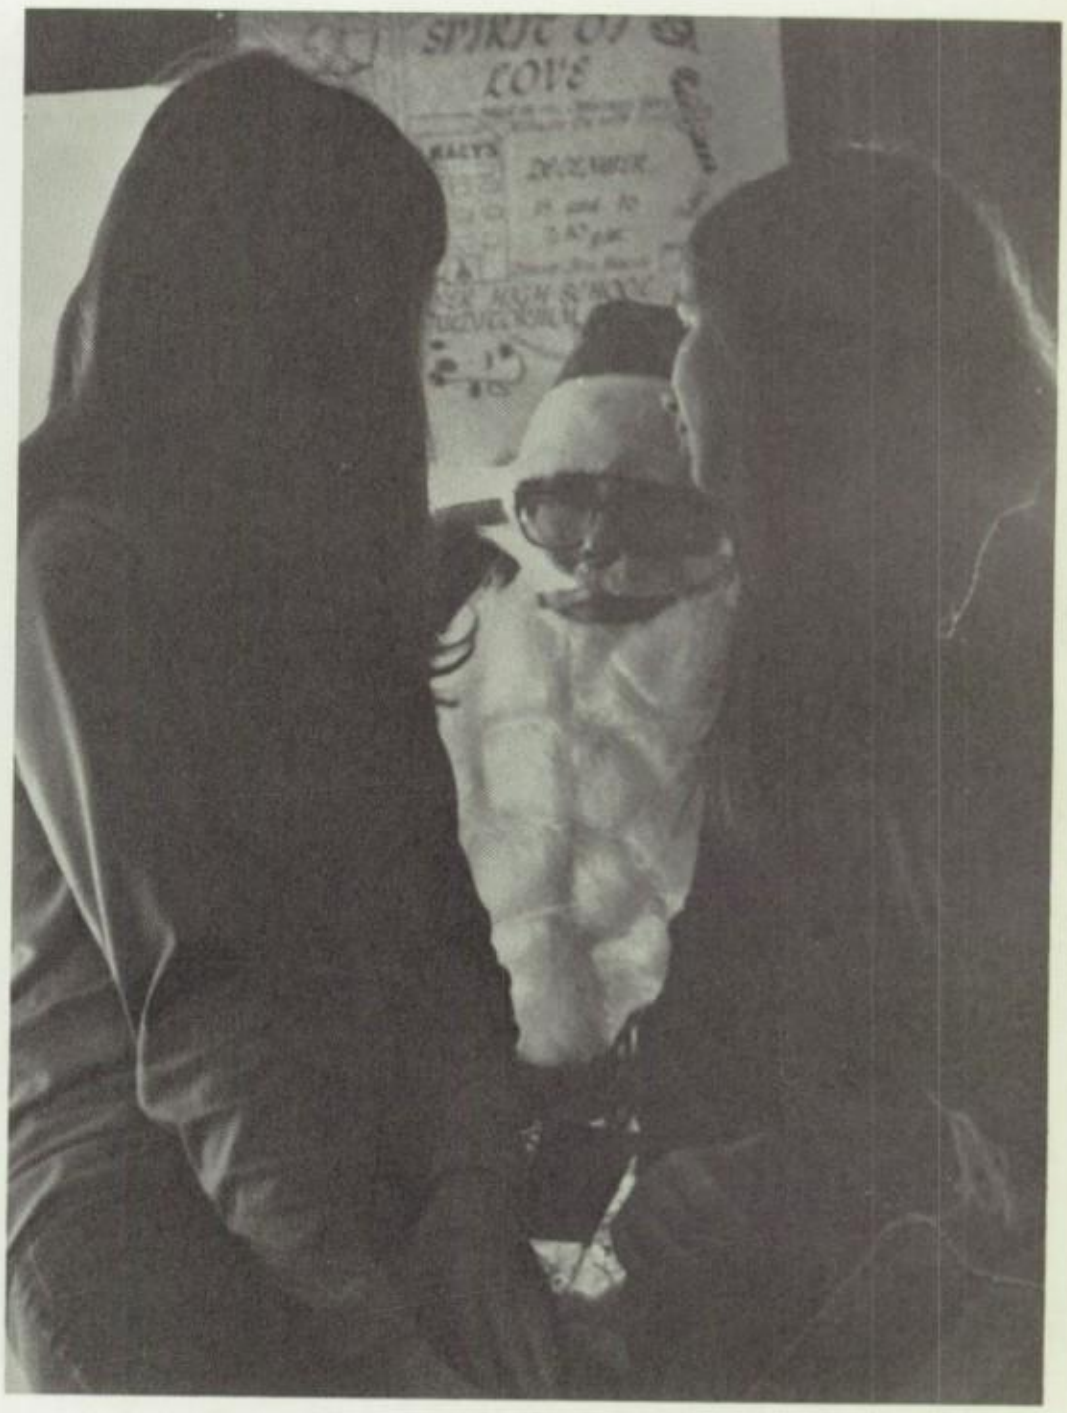
The Spirit of Love



"The Spirit of Love" was presented by Turner's Association of Theater Arts on December 15th and 16th. The play was in season because it dealt with the spirit of Christmas. The play was about a man who claimed he was Santa Claus and was taken to court by Dr. Pierce because of fraud. The action of the play occured in the court room where the prosecuter, Dr. Pierce was accusing the so called Santa of being a fraud. The prosecuter's own son proved that the prosecuter believed in Santa Claus. When the judge asked the boy if he believed in Santa Claus, the little boy said "yes." The judge then asked why and the little boy said, "because my Daddy told me there was a Santa Claus." The court trial ended when the judge said "not guilty."

The students will always remember what Mr. Ensley said to them. "That every human being will make something of himself."

On November 1, the students gathered into the auditorium to listen to Mr. Jack Steineger. Mr. Steineger came and spoke about politics. The students seemed very interested in what Mr. Steineger had to say. The purpose of Mr. Steineger was to make the students aware of our political system.

The Turner Harries started the season with five runners. Out of the five runners that Turner had this was the first year for four of them. The only returning letterman was Marty Clem, who was working toward his third Varsity Letter. Midway through the season three new runners came in. Due to the lack of experience the Harries had trouble competing with the teams in the area. On October third at the Turner Invitational the Harries placed three men in the top 20 as Turners Marty Clem won the meet in Record time of 9.35.5 Dale Eason was not far behind in fifth place and Mike Bradley placed seventeenth. Then they qualified for the state meet in Manhatten. This was the first time in a long time that Turner's cross country team went to state. At state the Bears placed twelth out of forty four teams.

What is a sophomore? . . . He throws himself totally into anything he does from athletics to the plays. He is an individual not really knowing what it means. With 10 years behind him he faces two more; the two hardest. He faces responsibility and leadership, and he must try to make the best of Turner High School. What is a sophomore? . . . JUNIORS

year to go!!!

Patti Goss, a junior at Turner this year, tragically died in an automobile accident on October 8, 1972. She will be remembered by her friends and classmates as a person who loved life and left many happy memories behind her. We realize our loss but also know God's gain.

In memory of Patti Goss, we dedicate these following junior pages.

Memories

Memories are heartbeats
Sounding through the years,
Echos never fading,
Of our smiles and tears.
Moments that are captured,
Sometimes unaware,
Pictured in an album,
Or a lock of hair.

Images that linger
Deep within the mind,
Bit of verse we cherished
Once upon a time.
Through the musty hallways
Of the days we knew,
Ever comes the vision
Beautiful and true.

Memories are roses
Blooming evermore,
Full of fragrant sweetness
Never known before.
Life must have a meaning,
Goals for which to strive,
Memories are lights that burn
To keep the heart alive.

Grace E. Easley

We cannot learn from one

Junior class officers are Brad Hewitt, President; Mike Grogan, Vice-President; Karen Cook, Secretary; Denise Dunahoo, Treasurer.

Hey! Senior rings come in April! . . . It's time for the Junior-Senior Prom? Already!?! . . . A Junior WHAT King? Ha! . . .

The juniors filled the school with laughter and fun this year. They grew to know sadness, tragedy, and disappointment, but they also had happiness and fun times.

The juniors have experienced two different types of school years; one much freer than the previous. Their job, now, is to decide which is best for the class of '74 and continue it next year!

"No man is an island, entire of itself; every man is a piece of the continent; a part of the main; if a clod be washed away by the sea, Europe is the less; any man's death diminishes me, because I am involved in mankind; and therefore never send to know for whom the bells tolls; it tolls for thee."

John Donne

Memories . . . . . .
They are good thoughts.
The time has passed and
I have many.
The halls, once filled with
Noisy laughter, are now
Reduced to nothing.
The sound of the last footsteps echo
Through the halls.
They pause for a last look
At this old frame
Which the years have aged.
How many different children have
Walked these halls.
How I cried as each class,
Down through the years,
Have left me.
Each to start their own life.
No one ever heard.
I remember each child.
Each one a part of me.
Through their minds and bodies
I came alive.
All their hardships,
Were my hardships.
All their victories,
Were my victories.
Without them I am nothing.
Each year bringing forth new ideas.
Slowly, I began growing old.
Too old to hold these ideas.
I am alone now but
A part of me still remains.
My memories, my children.

Seniors Remember

"I'll remember all the teachers that cared and all my friends. And all the cuts and bruises I got from working with the yell leaders. I'll also remember all the fun I've had and all the things and people that were so important to me."

Roxanne Ward

"I think I'll remember all the fun I had with my friends. I'll never forget my teachers, the ones who actually helped me prepare for my future, and last but not least, my experience with the happy times and bad times of cheerleading."

Carin Hutton

"I remember the friends I made and all the good times we had together. I'll also remember the teachers who helped me along."

Ray Greenwood

"I remember all the good times I Have had these past 3 years. The good and the bad times. Learning how to find a real friend and finding out that a girl you have gone through high school with is your cousin. I'll miss all my good friends. That's the saddest thing of all."

Terri Harbour

"I remember late-night play rehearsals where you find out just how much of a performer you really are."

Chris Carter

"What I remember most was the people I met and what they meant to me. They meant a lot! I remember the plays, all of them. Afterwards how happy everyone was all of the time and the prayer before each one. I still don't believe it ever happened. I still feel like a senior but I am and it's over so I wish everyone love and the good memories I had."
